

Michael Dellarciprete

Working Class Candidate for WA House
District 37

Housing. Healthcare. Dignity.

My pledge to my constituents

- I will never support legislation that harms working families.
- Wealthy interests should not dictate policy.
- People come first. Always.

I grew up poor.
I was homeless as a child.
I've worked blue-collar jobs my whole life.
Now living with disability, I know what working families face — because I live it.
